Payam Poursaied Esfahani

Personal Information:

- First Name: Payam
- Last Name: Poursaied Esfahani
- Gender: Male
- Birth Year: 1981
- Place of Birth: Tehran, Iran
- Cell Phone: +1 778 300 2288
- Home Page: http://payam124.com
- E-mail: me[at)payam124[dot)com

Fields of Interest:

- IT Management – Industrial Management
- Unix/Linux Administration
- Office Automation/Workflow, Process and Procedures
- Computer Networks / Internet Service Providers
- Quality Management

Education:

- MSc. Industrial Engineering
  2005 – 2008 Sharif University of Technology – Tehran Iran
  GPA 17.11 (of 20)

- B.Sc. Industrial Engineering
  Major in Industrial Manufacturing
  1999 – 2005 Sharif University of Technology – Tehran Iran
  GPA 17.81 (of 20)

- B.Sc. Computer Engineering[*]
  Major in Software Engineering
  1999 – 2005 Sharif University of Technology – Tehran Iran
  GPA 17.81 (of 20)

Certificates:

- Redhat Certified Engineer, #110-003-696 (Redhat 6)
- CISCO Certified Entry Network Technician, 410330274787INBN

---

[*] Based on my academic performance, I had been permitted to study Industrial Engineering and Computer Engineering simultaneously during my undergraduate study.

Skill Highlights:

- ✓ **Network and Operating Systems:**
    - Working with Linux platforms since 1999
    - Strong knowledge of administration and implementation of internet services on Linux Platform
    - Shell and script programming and automation of administrating tasks in Linux
    - Windows and Active Directory management
    - Design and implementation of multi User and public Computer Sites
    - Deep knowledge of networking protocols including TCP/IP and routing protocols
    - Familiar with Cisco Devices and their configuration
    - Strong knowledge and extensive experiences in Internet Service provider
    - Good knowledge of DSL network and equipment
- ✓ **Software and System:**
    - Design and Implementation of web based application using PHP and PERL
    - Professional in relational database design and Managing MySQL and MSSQL
    - Strong Knowledge of PERL and PHP programming
    - Extensive experiences in Software and System Analysis & Design
    - Extensive experiences in Documentation
    - Expert in Microsoft Office Applications
    - Familiar with Software Development Methodologies
    - Familiar with SharePoint
    - Familiar with BPM and its notation
- ✓ **Managerial and Other:**
    - Computer Hardware
    - Trainer of computer networks, PERL, Linux Fundamental and Administration, Microsoft Office Tools.
    - Considerable experiences in recruiting activities including Interviewing, Evaluating and Hiring
    - Wide experiences in planning and breaking-down of projects
    - Strong ability in critical reasoning and prove/reject hypotheses/claims in a logical manner
